

## Information and Photo Release Form

Many families wish to contact other families in order to arrange for activities outside co-op time. We would like to be able to provide families with a phone listing that includes children and grades. This phone list would be emailed to you directly and would not be published on the internet.

Your family's information will be listed in the phone directory that would be disseminated to the families within the co-op. If you do not want your information listed check here.

I understand that as the recipient of a phone directory that I am not allowed to use this directory for solicitation of products or donations unless I have a personal relationship with the family. **I agree or I disagree**

CLC understands that the internet has many benefits, but can also be used by those with less than honorable intent. We would like to be able to display pictures of our students on our website in a virtual photo album. Below are options for you to choose from which will allow us to understand your preferences concerning the internet.

**Please check your preference:**

<input type="checkbox"/>	I do not want my child's picture shown on the internet at all.
<input type="checkbox"/>	I only want my child's picture shown in their class picture, but no others
<input type="checkbox"/>	I do not mind my child's picture being on the internet as long as there are no names associated with the pictures
<input type="checkbox"/>	I do not mind my child's picture being on the internet and it is OK to identify them with first name last initial eg. Logan V.
<input type="checkbox"/>	Other (please indicate-write more on back if necessary)
